

CPCCLRG3002 LICENCE TO PERFORM RIGGING INTERMEDIATE LEVEL

Course Overview

This course is designed for individuals seeking to develop skills and knowledge required to perform rigging work at the intermediate level, which includes all the outcomes for rigging work at the basic level, and includes rigging of cranes, rigging of conveyors, rigging of dredges and excavators, rigging associated with tilt slabs, rigging associated with demolition work, and dual lifts for licensing purposes.

Course Duration (approximately 5 days)

Formal Training - 2 days

Day 1 - Theory Training

Day 2 - Practical Training

Informal Training - 10 Days

Supervised practical (logbook hours)

As part of our service, we provide the opportunity for learners to develop the necessary practical skills required for assessment. The trainer will specify the amount of practice (log hours) required after formal training is completed and this is dependant on an individual's capability.

Note: Learners may require additional log hours to those included in the course to achieve competency. Those that require additional practice will be charged at a daily rate or hourly rate depending on their needs.

- Rate – Day \$150 per day (7 hours)
- Rate – Hourly \$30 per hour (up to 4 hours maximum then a daily rate is applicable)

Note: Informal Training may not happen over consecutive days depending on availability of machinery and equipment.

Topics Covered

- Plan work
- Select and inspect equipment
- Set up task
- Erect structures and plant
- Dismantle structures and plant

Assessment – 1 day

Learners cannot attempt their theory and practical assessment for the licencing outcome until formal and informal training has successfully been completed. The learner must complete the specified amount of log hours in their logbook and be deemed ready for assessment by their supervisor prior to assessment being scheduled. Should re-assessment be required the fee is \$350.00 payable before attempt at assessment is conducted.

Logbook Hours

A written learning record (logbook) must be completed by a trainee for high-risk work activities.

The RTO will assist the student to identify and develop suitable evidence collection and recording methods, ensuring that the correct format and completion of the logbook is followed. The logbook must be used by the student and supervisor to record the informal training and operational experience obtained in the workplace irrespective of whether the training is going to be provided by workplace trainers or RTO trainers. Workplace experience in the operation of plant should be treated as informal learning for a student; the student must have already received formal training from a RTO in the use or operation of that plant.

A logbook must identify:

- formal training (conducted by a RTO), including dates
- informal learning (workplace training) including:
 - scope of work performed by the student
 - date on which the work was performed
 - type of plant used or operated for the performance of the work
 - date the training was completed
 - name and number of the licence or certificate held by the person supervising the training
 - level of informal learning deemed necessary by the supervisor for the trainee and reasons for the decision.

The information recorded in the logbook will be used by the RTO to play a part in determining the student's readiness for assessment, therefore entries must be legible, detailed enough to show the full experiences received and be able to be validated for authenticity by the RTO. A student undertaking training simultaneously on different plant must keep a separate logbook for each type of activity being sought. The logbook is an important document the student must keep throughout their training. It contains a record of all competencies required for the national qualification and needs to be signed by the student, the student's immediate supervisor and the assessor as each competency is achieved and kept updated at all times. The logbook divides the competencies into workplace tasks. It is essential that the immediate supervisor sign off that the student can do the tasks outlined in the logbook and monitors the student's progress on the range of tasks undertaken.

Pre-Requisites

CPCCLRG3001 Licence to perform rigging basic level.

Pathways

CPCCLRG3002 is a unit from the qualification TLI40721 Certificate IV in Mobile Crane Operations.

Outcome

Upon successful completion of the course the student will be issued a nationally recognised training statement of attainment for the unit CPCCLRG3002, Licence to perform rigging intermediate level.

Licensing

Under the WHS Regulation to obtain a licence, a person must be trained in accordance with the relevant unit of competency by a registered training organisation (RTO) and then be assessed as competent against the relevant assessment instrument by an accredited assessor who is approved by Workplace Health and Safety Queensland (WHSQ). The high-risk work licence for intermediate rigging is licence code RI. You must complete and lodge your application for a HRW licence online at <https://raps.deir.qld.gov.au/RXP/newQldLicence/purposeOfService> within 60 days of successfully completing the practical assessment.

RPL/RCC

In some cases, students may possess skills and or knowledge in the course content. CCT will assess your eligibility for RPL/RCC. Information on RPL/RCC can be found in the CCT student handbook, on our website or by contacting our office.

Entry Requirements

CCT policy requires students to be a minimum of 18 years of age prior to enrolling and attending this course due to WHS considerations and licensing requirements Pre-Requisites.

Resources Required

Students are required to wear appropriate clothing including high visibility long sleeve shirt, long pants, work boots, and hard hat during training. Machinery and equipment are supplied when training at our facility. All written material and stationery are supplied for the course. Students must provide their own food; fridges are available onsite. Tea and coffee are supplied by CCT.

Additional Information

Should you require further information on courses such as dates or costs please contact our office.
