

CPCCLSF3001 Licence to Erect, Alter & Dismantle Scaffolding Intermediate

Course Overview

This course is designed for individuals seeking to develop skills and knowledge required to erect, alter and dismantle scaffolding at the intermediate level which includes use and operation of Cantilevered crane-loading platforms, Cantilevered and spurred scaffolds, Barrow ramps and sloping platforms, perimeter safety screens and shutters Mast climbers, and tube and coupler scaffolds (including tube and coupler covered ways and gantries) for licensing purposes.

Course Duration

5 days

Day 1 - Theory Training

Day 2 – Practical Training

Informal Training

Supervised practical (logbook hours)

As part of our service, we provide the opportunity for learners to develop the necessary practical skills required for assessment. The trainer will specify the amount of practice (log hours) required after formal training is completed and this is dependant on an individual's capability.

Note: Learners may require additional log hours to those included in the course to achieve competency. Those that require additional practice will be charged at a daily rate or hourly rate depending on their needs.

Rate – Day \$150 per day (7 hours)

Rate – Hourly \$30 per hour (up to 4 hours maximum then a daily rate is applicable)

Note: Informal Training may not happen over consecutive days depending on availability of machinery and equipment.

Topics Covered

- Plan the job
- Select and inspect equipment
- Set up task
- Erect scaffold and scaffold equipment
- Dismantle scaffold and scaffold equipment

Assessment

Learners cannot attempt their theory and practical assessment for the licensing outcome until formal and informal training has successfully been completed. The learner **must** complete the specified amount of log hours in their logbook and be deemed ready for assessment by their supervisor prior to assessment being scheduled. Should re-assessment be required the fee is \$350.00 payable before attempt at assessment is conducted.

Logbook Hours

A written learning record (logbook) must be completed by a trainee for high-risk work activities.

The RTO will assist the employer to identify and develop suitable evidence collection and recording methods, ensuring that the correct format and completion of the logbook is followed. The logbook must be used by the trainee and supervisor to record the informal training and operational experience obtained in the workplace irrespective of whether the training is going to be provided by workplace trainers or RTO trainers. Workplace experience in the operation of plant should be treated as informal learning for a trainee; the trainee must have already received formal training from a RTO in the use or operation of that plant.

A logbook must identify:

formal training (conducted by an RTO), including dates

informal learning (workplace training) including:

- the scope of work performed by the trainee
- the date on which the work was performed
- the type of plant used or operated for the performance of the work
- the date the training was completed
- the name and number of the licence or certificate held by the person supervising the training
- the level of informal learning deemed necessary by the supervisor for the trainee and reasons for the decision.

Pre-Requisites

CPCCLSF2001 Licence to erect, alter and dismantle scaffolding basic level. Applicants for SI (intermediate scaffolding) licence must hold a SB (basic scaffolding) licence before assessment can be conducted for this licence class. WHSQ require learners to be able to speak and/or understand English and be a minimum age of 18 before assessment can be conducted for high-risk licences.

Pathways

CPCCLSF3001 is a unit from the qualification CPC30920 Certificate III in Scaffolding.

Outcome

Upon successful completion of the course the student will be issued a nationally recognised training statement of attainment for the unit CPCCLSF3001, Licence to erect, alter and dismantle scaffolding intermediate level.

Licensing

Under the WHS Regulation to obtain a licence

RPL/RCC

In some cases, students may possess skills and or knowledge in the course content. CCT will assess your eligibility for RPL/RCC. Information on RPL/RCC can be found in the CCT student handbook, on our website or by contacting our office.

Entry Requirements

CCT policy requires students to be a minimum of 18 years of age prior to enrolling and attending this course due to WHS considerations and licensing requirements Pre-Requisites.

Resources Required

Students are required to wear appropriate clothing including high visibility long sleeve shirt, long pants, work boots, and hard hat during training. Machinery and equipment are supplied when training at our facility. All written material and stationery are supplied for the course. Students must provide their own food; fridges are available onsite. Tea and coffee are supplied by CCT.
